Subject: Rocky Habitat Management Strategy
Date: Wednesday, March 31, 2021 6:06:04 PM

I strongly support Marine Conservation Area designation for Crook Point-Mack Reef and Blacklock Point under the Oregon Rocky Habitat Management Strategy. These are habitat areas of special value, and it is important that they be recognized and that the public be educated about their value before they are loved to death. I also urge that all current proposals coastwide be reviewed fairly and transparently by the Rocky Habitat Working Group in a timely way, using objective evaluation criteria."

Sincerely,
