

## DRAFT AGENDA

### Ocean Policy Advisory Council Scientific and Technical Advisory Committee

#### Technical Workshop on Economic Data and Analysis of Marine Reserves

Oct 21-22 2008

Library Seminar Room

Hatfield Marine Science Center Newport, OR

**Workshop Objective:** To assess the status of economic data and analysis with regard to siting and management of marine reserves in Oregon waters and to reach a series of findings and conclusions regarding the availability and adequacy of data.

**This is a technical workshop focused on economic data and analytical methods useful to inform decision-makers. The workshop will explore tools for evaluating decision outcomes but will not include advocacy for particular policy outcomes.**

**Reporting Objective:** To produce a report for STAC adoption and subsequent submission to OPAC. The report will identify economic questions relevant to: the size, siting and management of marine reserves, describe appropriate economic methodology, assess the existence and adequacy of economic data and identify economic data gaps

**Workshop format:** Workshop will be open to the public, but discussions will be limited to invited participants. Public comment periods will be held at the end of each morning and afternoon session. Written submissions are also welcome.
