

TSP Part 3

EARLY PHASE 2 PLANNING

Phase 2 Working Group Expectations

- Represent your interest group in working group discussions while respectfully working to balance the diverse resource use viewpoints within the document.
- Attend and participate at monthly meetings (to meet as necessary; in person and remote options will be available)
- The group will likely be working on this phase into the fall of 2019.

Phase 2 Tasks & Questions

1. Finalize working group (any missing interest representatives?)
2. Finalize draft Phase 2 work plan, scope, and timeline.
3. Determine site designation language and scope.
 - Defining designations-
 - What does designation mean?
 - What are the designations?
 - Should regulations and/or management measures be consistent within designations?
 - Starting point of designations-
 - What is considered the status quo or starting point of current designations
 - Designations currently implemented in OAR
 - Designations in 1994 TSP
 - Blank slate (need to re-propose current designations)
4. Draft and finalize details on community proposal process, agency proposal process, and proposal review process.
 - Methods and content of proposals
 - Who proposes
 - Outside groups only
 - Will there be a working group proposal
 - Independent proposal
 - Proposal consisting of a mix of the outside group proposals that the working group wants to move forward
 - What is proposed
 - Just designations
 - Designation and regulations/management measures
 - Changing management measures within existing designations
5. Continue work on Rocky Shores Data visualization tool.
6. Plan outreach and educational component of community proposal pilot.

TSP Part 3

EARLY PHASE 2 PLANNING
